

Dear parents,

Today I visited both hostels to meet the inmates to brief about the possible set of actions that the college would like to take. Our state is now undergoing a major crisis due to the incessant rains and the subsequent flooding in almost every district. The college has taken a decision to keep open both hostels during this onam vacation so that the inmates can remain in the hostel during this vacation period for we believe our hostels relatively safer. All necessary services in the hostel will be continued and extended in a reasonable fashion during this period. As the head of institution I assure that we would take care of your ward in every possible manner during their stay at hostel. Hence I request you to kindly advice your ward not move out from hostel during this period till everything reaches normalcy and gets settled.

Your support in this regard is solicited.

Regards,
Prof. Jayakumar.J, Principal.CAT.
